SCAMS:

There are several scams that have been perpetrated regarding fake FPL bills. Here is some information from FPL: **New twist to international email scam targeting utility customers**

Scammers are targeting utility customers with emails that appear to be monthly bills from FPL and other legitimate utilities, like Pacific Gas & Electric. These emails are bogus and may contain malicious spam. Do not open or click them and do not provide any personal information. Authorities have been notified of this scam.

If you receive an email bill from an electric utility other than FPL, it's likely a scam. Do not open or click on the email. Delete it immediately.

If you receive an FPL email bill that looks different from your normal bill or seems suspicious in any way, do not click any links. Look at the account number to verify that it is your actual account number. You can find your account number by looking at an old bill or by logging in to your account on FPL.com. If the account numbers match, then the email is a legitimate email from FPL. If they do not, delete the email immediately.

If you think you may have been a victim, report it online to the Financial Fraud Enforcement Task Force at stopfraud.gov.

Remember, FPL will **never** send emails threatening to close your account if you do not take the immediate action of providing personal information.

You can find images of these scam emails as well as additional tips on how to protect against scams by visiting FPL.com/protect.

Please see the attachment from FPL for additional information.

Tax Collector Files Lawsuit Against Online Travel Companies:

In 2013, the Town Commission, Town Manager and Police Department addressed several issues regarding the vacation rental of homes for less than the 30-Day minimum (as required by Town Ordinance). Also, the Town Commission enacted an Ordinance requiring rental properties be registered.

During the course of the investigation of past violations, we partnered with other governmental agencies in an effort to bring these properties into full compliance. One of those agencies was the office of the Palm Beach County Tax Collector, Anne Gannon.

It was announced last week that her office had filed suit against several companies who broker these rental locations throughout Palm Beach County. The suit was in regards to the unpaid 'bed tax" that is required to be collected and then submitted to the Tax Collector. This requirement is for any location rented for less than 6 months.

Please see the enclosed Press Release for further details.

Fraudulent Tax Returns:

As the Tax season approaches, the need to protect your personal information becomes even more critical. The submission of fraudulent Tax Returns has been a problem over the past several years; and there is no reason to think that victimization will not continue to occur.

Since this is a highly technical and confidential investigative process, local law enforcement has been instructed to turn all of these cases over to the IRS. They have the expertise and access to the submitted documents. In addition, if the case warrants, they can prosecute at the Federal level.

Should you discover that a Tax Return has been filed fraudulently in your name, contact the IRS directly at 800-908-4490. You may also obtain additional information via their website: www.irs.gov

Protect yourself from imposters

Don't fall victim to scams or fraud. The first step to protecting yourself is to recognize suspicious activity. This can take many forms, such as:

- Someone pretending to be an FPL employee or contractor to gain access to your home
- A company claiming to be FPL or associated with us to solicit your personal information or sell their products and services over the telephone or through the mail
- Emails or websites that appear to be from FPL and require you to provide personal information

How to Protect Yourself New/Common Scams **Report Fraud/Scam** **Other Resources**

Email Bill Scam (**En Español**)
Scammers are targeting utility customers across the nation with emails that appear to be monthly bills from legitimate utilities. These emails are bogus and may contain malicious spam. Do not open or click them and do not provide any personal information. Authorities have been notified of this scam. If you think you may have been a victim, click the Report Fraud/Scam tab above for further instructions on how to protect yourself. Also, please know that FPL will never send emails threatening to close your account if you do not take the immediate action of providing personal information.

Non-FPL customers: If you are not an FPL customer and you receive something that looks like an FPL email bill, delete it immediately. It is a scam. Do not open or click the email.

FPL customers: If you receive an email bill from an electric utility other than FPL, like PG&E, it's likely a scam. Do not open or click the email. Delete it immediately. If you receive an FPL email bill that looks different from your normal bill or seems suspicious in any way, do not click any links. Look at the account number to verify that it is your actual account number. You can find your account number by looking at an old bill or by logging in to your account on FPL.com. If the account numbers match, then the email is a legitimate email from FPL. If they do not, delete the email immediately.

Phone Scam (**En Español**)
Phone scammers posing as FPL employees are targeting customers across our 35 county service territory. These scammers are using false phone numbers that could appear on a caller ID to be FPL. They then threaten to shut the power off unless a payment is made immediately with a credit card or prepaid Money Pak card. These calls are not from FPL. We will **never** call and ask for credit card info or take prepaid cards as payment. In fact, we do not ask for any personal information from you unless you initiate the contact. If you ever receive a strange call and are in doubt, hang up and call us at the phone number listed at the bottom of your FPL bill. Authorities have been notified of this scam. It seems to be affecting utilities across the nation. If you think you may have been a victim, please click the Report Fraud/Scam tab above for further instructions on how to protect yourself.

Bill Payment Scam
This bill payment scam affected customers by spreading through social media and word-of-mouth. It was part of a nationwide phishing scam. Scammers told customers that a third party, in most cases the Federal Government or President Obama, would pay their utility bill in exchange for their personal information such as Social Security numbers and personal banking information. While customers may have received information from friends or the internet instead of the scammers themselves, we urge all customers never to use banking information that is not their own. Unauthorized use of account information is illegal and any payment applied to utility bills will be reversed. Also, customers who use unauthorized banking information to pay their FPL bill will receive a letter stating their payment was invalid and will still be required to pay their bills. We have notified authorities including: the State Attorney General's Office, the Federal Bureau of Investigation, the Florida Department of Agriculture and Consumer Services, and the U.S. Secret Service Miami Electronic Crimes Task Force.

Unsolicited Energy Audit Calls
The Florida Department of Agriculture and Consumer Services (FDACS) filed legal action to stop an aggressive marketing scheme targeting customers of FPL and other Florida utilities. The group may have also posed as employees of FPL or approved FPL contractors in order to conduct home energy audits and sell energy-related services or equipment. If you or someone you know received calls or visits of this nature, contact the FDACS Consumer Assistance Call Center at **www.800helpfla.com** or by calling 1 -800-HELP-FLA. **Read the announcement from FDACS.** We do not solicit our customers by phone to offer home energy surveys or audits. Our energy efficiency experts will visit your home only if you request it and prearrange a time.

Tax Collector Files Lawsuit Against Online Travel Companies

January 13, 2014

TO: Editors

FROM: Anne M. Gannon, Constitutional Tax Collector

RE: TAX COLLECTOR FILES LAWSUIT AGAINST ONLINE TRAVEL COMPANIES

Date: 4:00 PM January 13, 2014.

The Constitutional Tax Collector filed a lawsuit against four Online Travel Companies (OTC), also referred to as Third Party Intermediaries, in the Palm Beach County Circuit Court today. Defendants include Air BNB Inc., HomeAway Inc., TripAdvisor LLC, and CouchSurfing International Inc. The lawsuit alleges the OTCs failed to register as dealers of transient accommodations with Palm Beach County and did not pay the county's tourist development tax as authorized by Florida Statute 125.0104 and 212.0305 and County Codes 17-111, 17-113 and 17-114. A "bed tax" of 5 cents per dollar is levied on all Palm beach County hotel stays for short term rentals of 6 months or less.

The Tax Collector filed the lawsuit seeking a declaratory judgment for tourist development taxes (TDT). TDT taxes are due on amounts received by the named defendants for vacation rentals at private homes in Palm Beach County that they market and collect monies.
