Proof of "See Something/Say Something":

Citizen involvement is an essential part of law enforcement. I'm not talking about becoming physically involved; a simple phone call when something just doesn't look right is all we need to prevent or solve a crime. The sooner the call is made the better the opportunity for early intervention.

Here are 2 examples that occurred on Tuesday, July 9, 2013:

1. A resident of Harbour Drive North called ORPD to report that a person knocked on her door; apparently assuming no one was home. When she answered, the "visitor" seemed startled and asked for directions to I-95. There was a second subject in a car in the driveway. The resident reported this activity and provided a description of the car and subjects. While responding, officers spotted the vehicle in the driveway of another house on Engle Dr.; with the driver at the front door and 3 subjects in the car. During the encounter, a Robbery Warrant was discovered for one of the people. He broke free and fled; resulting in an extensive pursuit and search involving Boynton Beach Officers & K-9 and the PBSO helicopter. Following a 2-hour search, the subject was apprehended and all 4 subjects were charged with Possession of Burglary Tools and Loitering & Prowling.

2. As the above incident was concluding, the snatching of several gold chains occurred in Briny Breezes. A resident was solicited to do handiwork and was requested to meet the potential "client" at a location in Boynton Beach on Ocean Ave. Shortly before the scheduled time, the meeting was canceled – possibly due to the above heavy police activity in the area. However, once the victim returned home, he was approached by a subject who grabbed several gold chains from his neck and fled to a waiting vehicle. Again, a citizen observed the car cruising the area before the incident took place and jotted down the tag number. Subsequent investigation has linked the registered owner of the car to the cell phone used to arrange for the meeting.

Both of these incidents demonstrate the power of a strong relationship between our Police Department and the citizens we serve. You should never feel that your call is trivial or not worthy of investigation. Please continue to report unusual activity and thank you for your continued support!

"Distraction Thefts" increasing:

Residents are advised to be on the alert for criminals who practice "Distraction Theft". In these cases, someone will approach the resident at their home under the pretense of doing some work or providing some service at the residence or in the area. Then, while the resident is being distracted by the original person, another individual will enter the home to steal cash, jewelry, watches, etc. Depending on the circumstances, the victim may not immediately detect the loss of the stolen items.

Examples of such acts from around Palm Beach County include:

- A workman advising the resident of some problem outside with landscaping/electrical wiring/cable TV/telephone/etc. The workman encourages the resident to step outside to see the problem and discuss the solution. While they are speaking, an accomplice enters the home to take property.

- A workman poses as an employee of a utility company who is there to perform some "emergency" work. He enters the home to discuss repairs and the accomplice sneaks in to commit the theft.

As mentioned in previous newsletters, the Police Department cautions all residents and their household staff to be very cautious about strangers who come to their home and not to allow themselves to be distracted. Legitimate workman should have some form of identification and usually wear uniforms that clearly indicate the company name. Vehicles used by legitimate workman will normally have lettering/markings to properly identify the business. The absence of any of these should increase your suspicion regarding the validity of the situation.

If there is any doubt as to the legitimacy of anyone coming to the house or seen in the neighborhood, you are encouraged to call the Ocean Ridge Police Department at 561-732-8331. Officers will respond to assist in identifying the individuals and confirming the true nature of their presence.

The attached flyer provides additional information on how to deal with ANY UNSOLICITED VISITOR. Please utilize these simple steps to reduce the likelihood of being victimized and to protect yourself, your property and your neighborhood.
