Peak of Hurricane Season approaching:

Historically, the peak of Hurricane Season in Palm Beach County is October of each season; which runs from June 1st - November 30th.

In May, Police Department personnel began surveying the Town for potential threatening conditions related to trees and vegetation in the utility lines (FPL, AT&T, and Comcast). Although the required maintenance under Town Ordinance is year-round, it is of particular concern during storm season.

When an issue is identified, a Warning and a letter (sample attached) is given to the property owner. As indicated, we seek compliance within 14 days. This helps ensure the safety of everyone involved and reduces the negative impact caused by the loss of these utilities. I am happy to report that compliance has been achieved in the vast majority of cases. Thank you for your cooperation and assistance!

It is hard to believe that it has been 9 years since a major storm hit our area. However, that shouldn't cause us to not take steps to prepare. We live and work in an area where it is a matter of "when" not "if" a storm is going to strike. Please keep in mind that during "Super Storm" Sandy, only 2 small areas of Town lost power; however, both were caused by tree limbs taking down utility lines.

“Prescription Drug Take Back Initiative”:

On Saturday, September 27th the Ocean Ridge Police Department (ORPD) be conducting another Prescription Drug Take Back Initiative in conjunction with the Drug Enforcement Administration (DEA). This is the DEA’s ninth such event and ORPD has been a partner for the last several years.

Although this Initiative is only scheduled for 10:00AM-2:00PM next weekend, there is a drug collection box for unwanted/expired prescriptions available 24/7/365 in the lobby of the Police Department. The drop box was obtained free of charge via the Palm Beach County Substance Awareness Coalition and the Solid Waste Authority.

The device provides a secure way to anonymously dispose of old, unused prescription drugs. No information need be given to the Dispatcher/Police Officer; just enter the PD lobby and deposit the drugs in the mailbox-type device.

Improper disposal of prescription drugs is unsafe to the public and can negatively impact the environment. Thank you for making the Town safer and the waterways & ground less polluted by properly disposing of such unneeded medication.

New Police Department employees:

Three new faces have joined the Police Department. They are:

Dispatcher/Clerk Courtney Hammond has an Associate & a Bachelor degree in Criminal Justice. She has no previous experience and, since ORPD is a certified training facility, Courtney will receive her State of Florida 9-1-1 Telecommunicator certification in-house during her training period.

Police Officer Richard Jones started his law enforcement career as a Dispatcher in June 1999 with the Clewiston Police Dept. and then became a Police Officer with the Arcadia Police Dept. in November 2000. He has worked as a Deputy in both the Hendry & Glades County Sheriff’s Offices; rising to the rank of Major in Glades County. Most recently he has been working as an Emergency Medical Technician. Richard has an Associate in Science degree in Criminal Justice and has completed numerous training courses.

Dispatcher/Clerk Robert Harvey began his career as a Police Dispatcher with the Cleveland State University Police (OH) in April 2003. He has also worked for the Ohio State Police, the Medina County (OH) Sheriff’s Office and the Kannapolis (NC) Police Dept., before moving to Florida in 2013. Robert has already completed the State-mandated 9-1-1 Public Safety Telecommunicator course.

Report Impaired Drivers:

The Traffic Safety Council of Palm Beach County has joined a National program known as “Mobile Eyes” designed to encourage citizens to report possible impaired drivers. The Program offers a \$100 reward when an arrest is made based on such a report.

Law Enforcement 9-1-1 Call Centers throughout the area have been given the information in preparation for receiving calls from the public. The Ocean Ridge Police Department is a partner in this effort and is prepared to receive your call.

We look forward to providing whatever assistance we can in apprehending offenders and making the roadways safer by reducing drunk driving.

CAD Ref# _____

Dear Resident:

June 1st marks the start of another Hurricane Season! Past severe storms caused tremendous damage in Ocean Ridge; which resulted in the Town Commission taking action to protect our utility lines and poles from similar damage in the future. In addition, FPL, AT&T and Comcast have worked hard to strengthen the entire utility system in our area.

The enacted Ordinance (66-151 (b) (7)) speaks to the required trimming of vegetation and trees located near or under, "...power or other utility lines or facilities..." that are suspended above the ground. This includes the individual services lines directly attached to your house.

Members of your Police Department have begun to conduct a thorough inspection to identify vegetation & trees on your property that are in a position or condition to constitute a threat to our power and utility system. Therefore, a "Warning Notice" has been issued to advise you of your responsibility to maintain the problem vegetation & trees and directing you to take the appropriate steps to have the items trimmed or removed (keeping in mind, some tree removal may require a permit). We request that threat abatement measures be taken within 14 days of the notice. In addition, this threat reduction must be sustained throughout the entire storm season (June 1st thru November 30th).

As always, it is our desire to obtain voluntary compliance so as to make the Town safer for all first responders and the citizens we serve. Such corrective action will reduce the recovery time that would follow any storm that impacts our area. However, should it be necessary, follow up enforcement action will be taken by the Police Department.

We are counting on your cooperation because all residents of the Town share the power and utility system and everyone depends upon it for our mutual health, safety, and well being.

Thank you in advance,

Christopher T. Yannuzzi
Chief of Police
