Elizabeth Thompson's Everglades Paintings

Ocean Ridge resident and renowned artist, Elizabeth Thompson, is showcasing her Everglades collection in town hall. Elizabeth Thompson shared the following about the Everglades collection via her website, "My hope is that these paintings, which depict details selected from a vast wilderness, trigger a connection with the Everglades – an ecosystem that although altered and threatened, is still magically dynamic."

A exhibit and opening reception will be held at a later date but the public may view the paintings at town hall Monday through Friday from 8:30 AM to 3:00 PM.

Portions of the every sale will go to support Art in Public Places in Ocean Ridge. For more information about Elizabeth Thompson's collection, please visit her website at www.elizabeththompsonart.com.

Registering Rental Properties

The Town Commission has adopted Ordinance 603 which requires individuals renting their single family homes to register with the Town. Unfortunately some homeowners have ignored this regulation. This has created a problem and a nuisance for their neighbors because of new renters coming and going and in some cases ignoring the peace and tranquility that our residents expect and deserve in Ocean Ridge. Therefore, to develop knowledge as to where the renters are located the Commission adopted this ordinance requiring registration. This is also a safety issue for our residents. Many times we don't know of a problem until a neighbor has to complain about excessive noise and a multitude of renters roaming the area. Fortunately most of the renters are wonderful neighbors and don't create any problems. However, as in many instances there are always a few that try to take advantage of a situation.

We appreciate the homeowners working with us and registering their homes with the Town when they become involved in a rental program. The fee for registration is \$50 per lease and can be accomplished by registering at Town Hall (registration form on page 8). The Town still has an existing regulation that homes cannot be rented for less than 30 days at a time and the violators are cited as necessary. We greatly appreciate your cooperation with this program as we believe it's to the benefit of our permanent residents.

Are Your Web-posted Pictures Safe?

Today's technological advances are both a blessing and a curse. We can now take photos with our cell phones and quickly post them on the Web. But did you know that the location where the photo was taken is also part of the photo's data?

The below YouTube link contains a news broadcast that shows how easily location information can be obtained. This is especially frightening with photos of children and it can jeopardize their safety.

The good news is the story provides direction on how to make a simple adjustment in your cell phone settings to block access to the location information.

Hurricane Season is Still Here

Don't let the mild storm season thus far, lull you into a false sense of security. We have been very lucky; but historically we are entering the most active part of the year and Hurricane Season runs until November 30th.

So, please continue to monitor activity via the media and maintain your property. Both actions will help your family and your neighbors from being caught off guard, while reducing the potential for damage or injury should a storm decide to visit our area.

Ocean Ridge Koi Garden Fund By Dr. James Weege

I am sure that by now most residents of Ocean Ridge have visited the new Town Hall and Police Department and observed the Koi pond and garden. If you have, I am equally convinced that you feel it adds a special ambience to the entryway of the new town buildings.

What you may not know is that the maintenance funds for the Koi garden come out of the town's general budget account. With the shortage in our town budget, this does not leave a lot to maintain the pond and garden when something arises. That is why it was drained in December and kept empty for four months before funds were available to repair leaks and get the pond up and running.

Several residents and I feel the garden and Koi pond adds uniqueness to our town and the new town hall. We have started a fund — The Ocean Ridge Koi Garden Fund— to keep the garden and pond at its finest. With this fund we will be able to help the town maintain the garden should problems arise that need repair. These funds would be used exclusively for the garden and be overseen by a committee of interested residents.

We are actively seeking residents who share our enthusiasm regarding the Koi garden and invite you to contribute whatever you can to the Ocean Ridge Koi Garden Fund. Please contact Dr. James Weege at 561-523-5705.

CONSUMER AFFAIRS We Want To Hear Your Complaints

The county's Consumer Affairs Division's mission is to make sure that you (the consumer) are protected from unfair, fraudulent and deceptive practices. Just this past year, the division handled over 50,000 phone inquiries, tracked over 22,000 businesses and recovered approximately \$1 million for local consumers.

The Consumer Affairs website is one-stop shopping where you can obtain general information on a business or landlord or file a complaint. Some of the information available includes current and past disputes/

complaints, licensing status, and contact information (website, email and street address, etc.). They also are available regular business hours either in-person or by phone.

Additionally, the Consumer Affairs Division urges you to contact them with any complaints about unfair, fraudulent and deceptive practices. These complaints are vital to their mission of keeping local companies in check and providing accurate information to the consumer.

The Consumer Affairs'

website also provides lots of details on a wide variety of consumer "traps and tips" such as "Mattress Nightmares," "Selling your Car Privately Can Be A Nightmare," "Free" credit reports, and more. To read about these and more, click here for consumer affairs' website.

OP ART ON DISPLAY TO OPEN ON MAY 13 CONNECTS WITH KINETIC ART IN BOYNTON

BOYNTON BEACH, FL --- A new Art in Public Places “Op Art” exhibit will open May 13 in the City’s Library, featuring Stanford Slutsky’s Kinetic and Optical artwork. Kinetic Art refers to art that moves, or that gives the sensation of movement, through its optical effects. As viewers enjoy and move around the art, the art work’s light, colors and surfaces change dramatically. Optical art is a method of painting that provides an interaction between illusion and picture plane, between understanding and seeing. Op art works are abstract. When viewed, the impression of movement, hidden images, flashing, vibration, patterns, or alternatively, of swelling or warping.

Slutsky’s optical art is composed of precisely cut wooden geometric shapes all fitting together to give the illusion of depth and distance. Slutsky works are meticulously created by cutting wood with table saws and jig-saws, separating them into pieces with spacers and fitting them perfectly with their counterparts on a canvas or in a frame. Slutsky uses magnets to piece together many of his works, making these removable, though not noticeable at first, they become an interesting surprise to the viewer. He also created painted acrylics pieces on wrapped canvas that have become popular among collectors.

#101 "Blue Light" 40" x 40" Acrylic on canvas

#104 "Vortex" 40" x 44" Framed Acrylic on canvas

#103 "Rainbow" 38" x 42" Framed Acrylic on canvas

#106 "Spiral" 42" x 42" Framed Acrylic on canvas

#107 "Chaos & Symmetry" 42" x 42" Framed

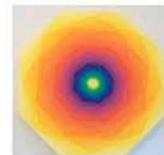

#105 "Ribbon" 40" x 40"

Inspired by Victor Vassarely, Slutsky achieves his effects by juxtaposing hard-edged color patterns that disrupt the normal process of vision. Some shapes of color seem to advance and then recede; others appear to pulsate in waves. Slutsky painstaking, semi-scientific approach to painting and mixed media constructions are based on the manipulation of optical devices and depend on subtle color gradations, systematic chromatic harmonic lines and shapes.

All pieces created by Slutsky are one-of-a-kind and for sale with commissions benefitting the Art in Public Places program and Friends of the Library. **The Stanford Slutsky “Op Art” exhibit begins May 13 and continues through December 5.** Art in Public Places and the City Library will host a meet the artist reception Saturday, June 8, 2- 4 pm. Public is welcome and encouraged to attend. The City Library is located at 208 South Seacrest Boulevard, Boynton Beach.

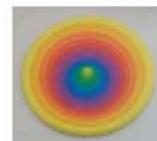

For more information, contact Debby Coles-Dobay, City of Boynton Beach Public Art Administrator, at 561-742-6026. Visit www.facebook.com/BoyntonBeachArtInPublicPlaces or www.BoyntonBeachArts.org.
