Re: Town Manager Report – June Commission Meeting Updates

A-1-A Water Main Break – Quickly returned to All Clear

Thurs-Friday, May 24-25th a water main broke under A-1-A in front of 6103 N Ocean. Kudos to Boynton Beach Utilities and Town Police Department personnel, as well as FDOT and their contractors for quickly mobilizing after hours identifying, excavating and repairing the break. The road reopened to weekend traffic and paving repairs are underway. The incident compels us to update interagency protocols and prioritize future infrastructure investment of the Town owned potable water lines.

Certified Building Official

Mr. Wayne Cameron, CBO, will begin full time on Monday June 11th. He will work on collaborative assignments under the building, zoning, code enforcement and interrelated programs in the Town. We're excited to bring Wayne onboard to help build our in-house capabilities.

PBA Police Union Bargaining

The first formal scheduled negotiations on the Town's expiring Collective Bargaining Agreement (CBA) is set for Tuesday June 5th at 2:00 PM. Town Administration and legal, along with the PBA Attorney and bargaining representatives will sit down to process requested bargaining items. A "Shade" meeting will likely be set for the Town Commission soon after to seek direction from the Commission in negotiation thresholds moving forward. Note final provisions within the agreement typically affects provisions across the Town workforce on equity and parity matters.

FCCMA

Attending the FCCMA Annual Conference (5/30-6/2), the event provides latest public management updates, trends, professional development, legislative and technical information on key issues, as well as an exhibition hall representing a majority of key Town engaged contract vendors and services.

Mayor Bonfiglio

We received by letter dated May 25th, 2018 the Mayor's "Resign to Run" notification as a formal candidate for State Representative District 89. Under the provision, Mr. Bonfiglio will irrevocably resign from Town elected office effective November 7th, 2018. The Town Commission will have options to replace and appoint his successor at that time under provisions of the Town Charter and Code.

Iguana Control

We met with field experts this week and will receive program information and vetted contracts they deploy in other municipalities. Upon reviewing those various options we will bring recommendations forward to upcoming budget workshops and other regular meetings.

Hurricane Season is here! – Have you updated your family emergency contingency plans and execute preseason trimming of properties before the storm cycle impacts our area?

Respectfully,

Town Manager
