

Date: September 19, 2017
(Rescheduled due to Hurricane Irma)

To: Honorable Mayor and Commissioners

From: Jamie Titcomb, Town Manager

Re: Town Manager Updates Report – September Commission Meeting

- Public Hearing meeting dates of September 11th and 21st for FY18 Budget Adoption are altered due to the Town Emergency Declaration 2017-11 for Hurricane Irma issued Sept. 6th. Keep tuned to local media reports on weather conditions, emergency preparations and evacuation orders, including updates and information posted to the Town's official website and social media channels.
- This is an abbreviated Town Manager Report due to Emergency Storm duties and schedule. Any pertinent updates will be reported/provided in addition to this report at the time of the meeting as rescheduled.
- Remember: Town of Ocean Ridge Codes prevail within our town limits at all times and are strictly enforced within the capabilities the Town provides. Any changes to Town Ordinances require public vetting at the Town Commission legislative level and requires their consensus and directive to proceed. A process of public meetings and hearings follows to potentially amend any applicable local laws (code). This assures residents have plenty of opportunity participate on any proposals presented for Town consideration.

Respectfully,

Town Manager
